Education

J.C. Bose University of Science and Technology, YMCA

Bachelor of Technology in Information Technology

Grade:8.7

Oct 2020 - July 2024

Experience

STMircoelectronics — SDE Intern

Jan, 2024 - July, 2024

Software Developer

Greater Noida

- Contributed to the **development of diverse products** on the Linux platform, **adding new features** to improve performance and user experience.
- Designed comprehensive **200+ test cases using pytest** for functional coverage and developed Shell Scripting skills for **task automation** and system management.

Accenture — SDE Summer Internship

05 Jun, 2023 - 28 July 2023

Packaged App Development Associate

Gurgaon

- Received comprehensive training on the **Workday platform**, gaining expertise in Adaptive Planning and Forecasting, Data Conversion, and Workday Integrations.
- Assisted in the development, testing, and implementation of packaged application solutions, and prepared Workday Enterprise Interface Builder(**EIB**) files for modeling real-life scenarios.

Projects

Chat Metrics | *Python, Clustering, Streamlit, Data visualization*

- Developed ChatMetrics using Streamlit for front-end and **Python libraries** (Matplotlib, Seaborn) for data visualization.
- Applied **dataset manipulation** to analyze WhatsApp chat data, providing small-scale businesses with insights on product popularity and customer feedback.

ClubHub | *HTML CSS Javascript*

- Developed a college website using **HTML, CSS, JavaScript** for the front-end, and Node.js for the back-end.
- Implemented a user registration system for students to access college information and **integrated JavaScript** for the contact page to submit queries.

Technical Skills

Languages : C/C++ ,Python, Unix Shell Scripting

Frameworks: Pytest, Plotly

Development : Web Development, Basics of Machine learning

Platform and Tools: Linux, Workday, Git, Github

Soft Skills : Communication, Teamwork, Problem Solving, Leadership, Adaptability

Relevant Coursework

- | | | |
|----------------------------------|--------------------|--------------------|
| • Data Structures and Algorithms | • Computer Network | • Operating System |
| • Database Management | • OOPs | • SQL |

Achievements

- Achieved 2nd Rank in the **STMicroelectronic's Hackathon**, in which I analyzed regression files with **Pandas** and generated visualizations using **Plotly**.
- I have solved over **400+ Data Structures and Algorithms (DSA) problems** across various coding platforms.
- Successfully Coordinating the team of **70+** students in College
