Current job – Software Developer at Quale Infotech Pvt. Ltd.

Professional Summary

Dedicated and results-driven Full Stack Developer with over 2.7 years of hands-on experience in designing, developing, and maintaining web applications. Proficient in Angular, Node.js, Express.js, MongoDB, and other modern web technologies. Experienced in building full-stack solutions, working with RESTful APIs. Demonstrated ability to work collaboratively within teams, ensuring clean, efficient code, and delivering high-quality software solutions.

Work experience

Work Experience:

Quale Infotech Pvt. Ltd.

Software Developer | Nov 2022 – Present

- Led frontend development for the Aiwozo Work Zone platform using Angular 12, JavaScript, and Bootstrap, later upgrading to Angular 16 for enhanced performance.
- Spearheaded frontend development for the Integration project using Angular 12, with Node.js for backend and MongoDB for database management.

LTI Mindtree.

Angular Developer | Apr 2022 - Sep 2022

- Designed and implemented responsive web pages, ensuring a cohesive and intuitive user experience across devices.
- Developed user-friendly interfaces using Angular, focusing on usability and accessibility.
- Optimized application performance and ensured cross-platform compatibility to enhance user engagement.

Skill:

- **Frontend:** Angular, JavaScript, HTML, CSS, Tailwind CSS, Bootstrap.
- **Backend:** Node.js, Express.js.
- **Databases:** MongoDB, MySQL.
- **Other Tools:** Postman.

Major Deliveries

Project Name: Aiwozo Work Zone

Technologies Used: Angular (Frontend), Node.js (Backend), MongoDB (Database)

Responsibilities: Spearheaded the frontend development using Angular (upgraded from version 12 to 16), designing and implementing a comprehensive user interface with JavaScript and Bootstrap. Developed key frontend functionalities, including data management, user authentication, and interactive features. Managed the backend with Node.js and MongoDB, ensuring seamless data flow and optimized performance. Collaborated with stakeholders to gather requirements and translate them into actionable tasks for development.

PROJECTS

Project Name: Integration

Technologies Used: Angular 12 (Frontend), Node.js (Backend), MongoDB (Database)

Responsibilities: Spearheaded frontend development using Angular 12, creating dynamic, responsive user interfaces and scalable components. Designed and implemented a robust frontend architecture, ensuring high performance, code reusability, and maintainability. Developed the backend with Node.js and managed the database using MongoDB. Collaborated with cross-functional teams to gather requirements and deliver solutions that met project objectives.

Project Name: Online Tourist Form

Technologies Used: Angular (Frontend)

Responsibilities: Served as a frontend developer, leading the design and development of the application's user interface using Angular. Collaborated closely with designers and backend developers to ensure seamless integration and maintainability. Developed scalable and intuitive frontend components, focusing on performance and compatibility. Worked with a multidisciplinary team to ensure the project met all requirements and delivered a user-friendly experience.

EDUCATION

Bachelor of computer application 2018 - 2021
Aryabhata knowledge university - AKU Patna.

Certification

- Six Week Web Development Course-2023 (Internshala).
- Six Week Angular Training -2023 (Coursera).
- Node.js Developer-2024 (Coursera).

PERSONAL DOSSIER
